Why choose BYJU'S Classes?

Two teachers instead of one!

One teacher - teaches concepts clearly

Another teacher - pays personal attention and solves student's doubts

Proven BYJU'S academic methodology

360° teaching + learning system

Two-teacher advantage

One teacher teaches concepts

The expert teacher explains and teaches topics in-depth ensuring conceptual clarity

Other teacher pays personal attention

The second teacher facilitates a class of 20 and pays attention to individual student's needs making the sessions interactive and engaging

Visualisation

The expert teacher teaches concepts using strong visuals and storytelling

Instant doubt solving

The second teacher solves doubts instantly, conducts tests and assigns homework

Why is BYJU'S Classes the best learning program to improve scores?

Regular Tuitions

BYJU'S Classes

Number of teachers in a class

Single teacher teaching concepts and also solving doubts

2 teachers - one for teaching concepts and one for personalised attention and doubt solving

Quality of teaching

Good teachers may be hard to find within a 5 km radius

Expert teachers of the country

Personalised attention

Personalised attention not possible especially with big batches of students

Students get personalised attention with second teachers who handle classes with just 20 students

Teaching format

Traditional chalk and talk method.

Digital learning tools allows expert teachers to use strong visuals and storytelling to simplify difficult concepts.

Class Structure

Unstructured class format

Classes specially structured to cover learn practice and revise. Students learn concepts and reiterate them through practice and revision.

Doubt solving

Doubts remain unsolved in crowded tuition classes

Instant doubt-solving in the class by BYJU'S teachers

Parent Teacher Meetings

<p>Parents do not get regular updates on child's progress.</p>	<p>Mentor guidance and reporting through monthly Parent Teacher Meetings</p>
<p>Time taken</p>	
<p>Travelling to tuition centres can be time consuming.</p>	<p>Students can learn from the comfort and safety of your homes</p>

Student's learning journey with BYJU'S Classes
